Vessel Safety

Waterborne Exercise

Firefighting Tactics

Practical Work Stations

Incident Management Procedures

Vessel Tours

Vessel and Terminal Operations

Review of Past Incidents

Vessel Firefighting Systems

Contingency Planning

Legal Issues

WMD/HazMat Incidents

PREREQUISITES

This course will be managed by utilizing the Incident Command System. All participants must be familiar with the ICS System.

Students should be in good physical condition. The course will require participating in live firefighting evolutions, on-site tours of large ocean going vessels, climbing of steep ladders and gangways, working in enclosed spaces and participating in a live exercise while underway on a vessel upon open waters.

Most evolutions will require full turnout gear, SCBA, and Type III PFD.

Registration
